Who are we

We are a small studio florist based in Ruislip, specialising in funeral, wedding and event floristry. We love to use premium blooms in our designs and source only the best quality. Due to our studio status, we pre order our flowers for each individual arrangement so you can be assured that your flowers are the freshest they can be.

How we work

We think families should be able to have as much input into their loved ones farewell flowers as they would like. So we design all of our arrangements to order for a personalised touch. We do also offer the option of a seasonal florist's choice if you require a little guidance.

Please contact us to arrange a consultation to discuss your preferences. We offer phone or video calls, and home visits where necessary.

Due to the nature of floristry, we do not list set prices as seasons do impact availability. Once we have discussed your requirements, we can provide you with a personalised quote.

We handle all logistics, so once your order is placed, we do the rest. Prices are inclusive of delivery within the Hillingdon Borough area, and unlimited message cards (if requested), are free of charge.

Size

We offer coffin sprays in 4ft, 5ft and 6ft. While a 6ft spray would cover the entire coffin, a 4ft would sit centrally.

Sprays are charged at £50.00 per ft. inclusive of premium flowers such as roses. Please note, we require a minimum of 7 days notice to include lilies.

Shape/Style

We like our families to have a personalised design, so please do let us know your colour preferences, any flower preferences, and whether you would like the spray to be traditional and uniformed, a little more natural and whimsical, or somewhere in between.

From £50.00 per ft

Posies

As an alternative to the full garland, we also offer individual posies that can be attached around the coffin for a more simplistic design. Our recommendation is 14 posies in total to achieve a full look.
